Jammu and Kashmir

From Wikipedia, the free encyclopedia

This article is about the Indian state. For other uses, see [Kashmir \(disambiguation\)](#). For the acronym J&K, see [Jammu and Kashmir \(disambiguation\)](#).

Jammu and Kashmir (/ˈdʒæmuː ənd kæʃˈmiər, ˈdʒʌˌkæʃmiər/ listen^[2]) is a state in north India. It is located mostly in the Himalayan mountains, and shares borders with the state of Pakistan to the west and north respectively, and a *Line of Actual Control* separates it from the Chinese-administered region of Aksai Chin to the east. The state has special autonomy under Article 370 of the Constitution of India.^{[3][4]}

A part of the erstwhile *Princely State of Kashmir and Jammu*, the region is the subject of a *territorial dispute* with Pakistan. The western districts of the former princely state known as Azad Kashmir and the northern districts known as Gilgit-Baltistan have been under Pakistani control since 1947. The Aksai Chin region in the east, bordering China, has been under Chinese control since 1962.^[note 1]

Jammu and Kashmir consist of three regions: Jammu, the Kashmir Valley and Ladakh. Srinagar is the winter capital. Jammu and Kashmir is the only state in India with a Muslim majority population.
